⚠ Revenue Pipeline Alert: Pre-payments received for Summer 2026 and Fall 2026 voyages are not fully reflected in the Deferred Revenue balance shown above. The actual liability to future students is higher than reported. Finance recommends a system-wide reclassification before the May board close.

RECOMMENDATION 1 | Accelerate Collections

Target: Recover \$4.35M in outstanding receivables by May 30, 2026

Action: Contact all 2025-26 accounts with balances over \$5K within 7 days

Impact: Closes 100% of the current-year gap before board meeting

Owner: Finance Collections Team

RECOMMENDATION 2 | Fix Revenue Attribution

Target: Reclassify Summer and Fall 2026 pre-payments as Deferred Revenue by July 1, 2026

Action: Apply fiscal-year allocation logic at point of transaction recording in OLTP

Impact: Accurate balance sheet liability reporting for FY2026-27 planning
